UFO Ballistic NailScrews® (& SENCO TYREX Pneuscrews™) are an approved fastener for all **MoistureShield® LifeCycle™** and **CHOICEDEK®** composite products. **UFO Ballistic NailScrews®** can improve the finished look of your fence, deck or trim pieces by setting the colored fastener beneath the surface of the composite product, therefore creating a hidden appearance without the extra expense and time that some hidden fasteners may take.

TOP DOWN Installation Amendment: UFO Ballistic NailScrews® & SENCO TYREX Pneuscrews™ must be installed in accordance with current manufactured published installation instructions. The **UFO Ballistic NailScrews® & SENCO TYREX Pneuscrews™** can be pneumatically driven or manually screwed in. For more information, please contact UFO at 1-800-352-0028 or at www.911-nails.com or INFO@911-nails.com.

“The Hidden Link” Hidden Deck Fastening System for non-grooved boards Installation Amendment:

A.E.R.T., INC. now recommends using **“The Hidden Link”** hidden deck fasteners as the primary recommended hidden fastener for use with **A.E.R.T.** non-grooved decking profiles. This has been tested and proven to be an effective and easily installed hidden fastener for these profiles.

Information on these hidden fasteners can be located at www.suredrive.com or by calling 1-800-951-2222.

Using this hidden fastener system per the manufacturer's instructions and maintaining **A.E.R.T.** recommended gapping and spanning guidelines will not adversely affect the **A.E.R.T.** warranty.

“THE MANTIS™” Hidden Deck Fastening System for grooved boards:

Installation Amendment: A.E.R.T, INC. now recommends using “The MANTIS™” hidden deck fasteners as the primary recommended hidden fastener for use with A.E.R.T grooved edge decking profiles. This has been tested and proven to be an effective and easily installed hidden fastener for these profiles.

Information on these hidden fasteners can be located at www.suredrive.com or by calling 1-800-951-2222.

Using this hidden fastener system per the manufacturer’s instructions and maintaining A.E.R.T recommended gapping and spanning guidelines will not adversely affect the A.E.R.T warranty.

FOR NON-GROOVED BOARDS: USE THE GROOVER™ slot cutter to cut the groove so THE MANTIS™ can be used or use our Hidden Link!

THE ELIMINATOR™ Positive Placement Ballistic NailScrew® Driver™ (NSD) Md# SDPP38/40.

This tool can be used to install the BALLISTIC NAILScrew® INTO THE MANTIS 396 at a 45° angle; **80% FASTER!**

Sure Drive USA MANTIS™, <http://www.suredrive.com/catalog/index.php?cPath=157>
